Kane Kares

Nurse Home Visitation

To Pregnant & Parenting Families

For You & Your Baby

Kane Kares

Pregnancy and early childhood can be a wonderful time. It can also be stressful — especially when you are a first-time mom experiencing family, health or pregnancy problems.

Kane Kares is a program designed to help support you during pregnancy and parenting of your child.

A specially-trained Registered Nurse will visit and support you through your pregnancy and until your baby's second birthday.

Services

Your Nurse Will Help You. . .

- ♥ Learn what to expect during your pregnancy and labor
- ♥ Learn more about your baby's growth and development
- ♥ Learn about up-to-date information on immunizations and nutrition
- ♥ Learn about community resources and services to help you and your baby

Become the best parent you can be. You and your baby are worth it!

The Goals of the Kane Kares Nurse-Family Partnership are to:

Support parents

Enhance early childhood emotional, social, mental, and physical growth and development

Reduce rates of low birthweight, prematurity, and infant mortality

Promote well child care and family bonding

Participation in the program is voluntary and offered at no charge
