

Important: Consult the EPA Map of Radon Zones document (EPA-402-R-93-071) before using this map. This document contains information on radon potential variations within counties. EPA also recommends that this map be supplemented with any available local data in order to further understand and predict the radon potential of a specific area. This and other indoor air quality publications can be ordered through the IAQ INFO Clearinghouse.

IAQ INFO

P.O. Box 37133, Washington, DC 20013-7133

1-800-438-4318/703-356-4020

(fax) 703-356-5386

iaqinfo@aol.com

or, you can order publications directly via EPA's **National Service Center for Environmental Publications (NSCEP)** (<http://www.epa.gov/ncepihom/> web site. Your publication requests can also be mailed, called or faxed directly to:

U.S. Environmental Protection Agency

National Center for Environmental Publications (NSCEP)

P.O. Box 42419

Cincinnati, OH 42419

1-800-490-9198/(513) 489-8695 (fax)

Please use the EPA Document Number (EPA-402-R-93-071) and specify which state you wish to have a profile, when ordering from **NSCEP** or from **IAQ INFO**.
