### **Kane County Animal Control to hold open house**

The public is invited to the Kane County Animal Control facility for an open house, 5 p.m. to 8 p.m., Thursday, Nov. 17. Come join us for information on wild animals, information on humane care for animals, take a tour of the facility and meet the animals that are awaiting adoption—you may find that special pet you've been looking for.

The facility is located at 4060 Keslinger Road, Geneva (the southwest corner of Peck and Keslinger roads). More information about the Animal Control Department, including how to adopt an animal, is available by visiting its Web site at [www.co.kane.il.us/animalControl](http://www.co.kane.il.us/animalControl).
