Quality of Kane Campaign will enhance the quality of life

For over 50 years, Kane County has realized the benefits of cutting-edge planning policies designed to achieve a prosperous, more desirable county. The **Quality of Kane** campaign reflects our continuous mission to maintain and enhance an exceptional Kane County with **Healthy People, Healthy Living and Healthy Communities**.

“As we look to the future, we have integrated health, land use and transportation planning into what we call the **Quality of Kane** campaign,” said County Board Chairman Karen McConnaughay. “I invite everyone to learn what the county is doing to enhance the quality life of in their communities, and to be an active participant in the process by providing input on the long range planning efforts that are underway at the **Quality of Kane** public outreach open houses.”

The open houses around Kane County are scheduled for:

- Thursday, November 10th, Batavia Public Library, Conference Room
- Tuesday, November 15th, The Centre of Elgin, South Ball Room

(More)

Quality of Kane—Page 2

All open houses will take place from Noon-7 p.m. Please come out and learn about the Randall/Orchard Corridor Bus Rapid Transit Study, 2040 Transportation Plan, the Bicycle and Pedestrian Plan, the 2011 Community Health Improvement Plan, the results of the 2011 Community Health Assessment, the Draft 2040 Land Resource Management Plan and Land Use Map. Students from elementary school to college interested in community design and sustainability are encouraged to attend.
