### **Frozen breakfast products recalled due to possible listeria contamination**

The Kane County Health Department is advising that Pinnacle Foods Inc. is voluntarily recalling all “Best By” dates of Aunt Jemima Frozen Pancakes, Frozen Waffles & Frozen French Toast Slices distributed nationally in the United States and one product into Mexico because they have the potential to be contaminated with *Listeria monocytogenes*.

No illnesses have been reported.

Pinnacle Foods initiated the recall after testing indicated the presence of *Listeria monocytogenes* in the plant environment. All affected distributors and retail and food service customers are being notified and the affected products are being removed from store shelves. This announcement applies only to the Aunt Jemima frozen products and does not include any Aunt Jemima dry mixes and syrups.

A list and photos of the products included in this recall can be found by clicking [here](#).

No other Aunt Jemima branded or Hungry Man branded products or any other products produced by Pinnacle Foods are included within this recall.

*Listeria monocytogenes* is an organism which can cause serious and sometimes fatal infections in young children, frail or elderly people, and others with weakened immune systems. Although healthy individuals may suffer only short-term symptoms such as high fever, severe headache, stiffness, nausea, abdominal pain and diarrhea, Listeria infection can cause miscarriages and stillbirths among pregnant women.

Consumers should not consume these products. Affected product may be returned to the place of purchase for a full refund. Consumers with questions may contact Pinnacle Foods at 1-888-299-7646.
