

# KANE COUNTY IRIS

Integrated Referral and Intake System

## JOIN THE IRIS COMMUNITY!

IRIS is a web-based community referral and tracking tool currently used by over 260 Kane County organizations to connect families to resources.

## HOW IRIS WORKS

IRIS helps connect individuals and families to the local resources they need using a bi-directional, closed-loop referral system. Families can be referred to multiple resources, and users have the ability to maintain communication throughout the process.

## REFERRAL STATUS

## BENEFITS

### FREE

There is no cost to join and use IRIS.

### HIPAA COMPLIANT

Confidential client information remains secure throughout the referral process.

### USER FRIENDLY

Many users find IRIS easy to learn and use.

### ACCESS TO DATA

Run data reports for evaluation and grants, such as the total number and status of referrals.

### SUPPORT AVAILABLE

The Kane County Health Department can provide staff training and ongoing support.

## LEARN MORE
