Client Scenario

Week's gestation upon enrollment: 14 weeks pregnant

Living Situation: Client currently lives in a 2-bedroom apartment with her sister and her family

Involvement of Father of the baby: FOB has not been actively involved but client recently opened up communication to include him on updates of pregnancy and to attend OB appointments. Other than related to pregnancy, they have not been in contact.

Strengths: Has completed certification in dental assisting and currently maintaining full-time employment. Has limited coverage with private insurance. Recently approved for Medicaid. Open to learning more about GED completion. She reports that family provide a strong support system and will reach out if experiencing and difficulties...

Challenges: Education completed through 11th grade. History of previous depression and anxiety. Short-term hospitalizations approximately 4 years ago. Strained relationship with FOB. Did not follow up on initial WIC intake appt.

Referrals: Medical card, WIC, childbirth education classes, counseling services, Kane Kares group Zoom meetings.
