

Kane County Health Department Unveils Additional COVID Vaccination Sites in the County

June 14, 2021 – The Kane County Health Department (KCHD) has gathered a database of more than 100 additional COVID vaccination sites in the county, including pharmacies, clinics and medical facilities.

The list can be found on the KCHD website at [KaneHealth.com/Pages/Vaccination-Sites.aspx](https://www.kanehealth.com/Pages/Vaccination-Sites.aspx) and also as an interactive map on the free KCHD mobile app.

“It’s easier than ever to find a vaccination site near you,” said Kane County Interim Executive Director Kathy Fosser. “Our partners in health are working together to vaccinate as many people in our community as possible.”

Details include organization, address, days and times (if known), phone number and a website link. It is advised to contact the organization for details and availability of the vaccine.

For additional information and current updates about COVID-19, visit the KCHD website at [KaneHealth.com](https://www.kanehealth.com) or call the health department at 630-208-3801.
