

## **Kane County Announces the Kane Vax Hub Will Stay Open Through January**

**December 16, 2021** – Kane County Health Department (KCHD), in cooperation with the Kane County Board, is working to keep the Kane Vax Hub in Batavia open through January.

“I’m pleased that the Kane County Vax center will continue its operations through the end of January and grateful for the assistance from IEMA and the State of Illinois to provide vaccinations for our citizens,” said Kane County Board Chairwoman Corinne Pierog. “The Kane County Board is fully committed to ensuring the site is easily accessible and encourages individuals and families to utilize it as the pandemic surges.”

Check [KaneVax.org](https://KaneVax.org) for vaccination appointment availability.

KCHD has identified more than ninety Kane County community partners that also provide COVID-19 vaccine. An updated list is available online at [KaneHealth.com](https://KaneHealth.com).

Businesses and community organizations can request a vaccination clinic at their site thru the Illinois Department of Public Health at <https://dph.illinois.gov/covid19/vaccinationclinics.html>.

For additional information and current updates about COVID-19, visit the KCHD website at [KaneHealth.com](https://KaneHealth.com) or call the health department at 630-208-3801 and select the COVID line.
