Kane County Health Department to Host Annual Well and Septic Seminar

Well and/or septic systems can be a bit of a mystery to most homeowners. If you need to know how these systems work and how to care for them, plan to attend Kane County Health Department's annual Well and Septic Seminar in Geneva. The presentation will be followed by a short question and answer session.

This free event will be held **Thursday, April 27, 2023** at 6 p.m. at the Kane County Government Center, 719 S. Batavia Avenue, Geneva, Bldg. A, in the Auditorium.

Attendance is limited to 40 participants and **reservations are required**. To reserve a seat, call 630-444-3040. If you reach voicemail, leave your name, phone number, address, email and mention the well and septic seminar to be added to the list.

In addition to the free seminar, one water sample test kit will be given to each household that is supported by well water free of charge.

For more information about well and septic systems, visit the Kane County Health Department's website at KaneHealth.com/Pages/Water-Waste.aspx
