### **Basil Seed products recalled because of possible salmonella contamination**

The Kane County Health Department is advising that L.A. Lucky Import & Export Inc., of Los Angeles, Calif., has announced it is voluntarily recalling L.A. Lucky Brand Basil Seeds 2.1 oz due to presence of *Salmonella* in the packet.

No illnesses have been reported to date in connection with this problem; however the product was distributed nationwide in retail stores October 1, 2015 to May 15, 2017.

The product comes in a 2.1 ounce, clear plastic package marked with UPC # 820678201697. There are no other codes on the product.

The potential for contamination was noted after routine testing by the company revealed the presence of *Salmonella* in some 2.1 ounce packages of L.A. Lucky Brand Basil Seeds 2.1 oz. L.A. Lucky has detained this item.

*Salmonella* is an organism which can cause serious and sometimes fatal infections in young children, frail or elderly people, and others with weakened immune systems. Healthy persons infected with *Salmonella* often experience fever, diarrhea (which may be bloody), nausea, vomiting and abdominal pain. In rare circumstances, infection with *Salmonella* can result in the organism getting into the bloodstream and producing more severe illnesses such as arterial infections (i.e., infected aneurysms), endocarditis and arthritis.

Customers who purchased these recalled products should dispose of the product. To receive a full refund or replacement product of their choice customers may email the company at [sales@lalucky.com](mailto:sales@lalucky.com) or call 323-224-0211, Mon-Fri, 8 a.m. - 5 p.m. PST. When contacting the company, please identify what product was purchased and the location of where it was purchased.
