**United Natural Trading LLC announces voluntary recall of products containing organic and natural chopped dates due to possible health risk**

The Kane County Health Department is advising that United Natural Trading LLC, Edison, NJ, is voluntarily recalling a limited number of products containing Organic and Natural dates (see below) and sold under the Nature's Promise, Woodstock, Market Basket, and Wholesome Pantry brands due to a possible health risk from *Listeria monocytogenes*.

No illnesses have been reported.

This announcement applies only to the United Natural Trading LLC products listed below and does not include any other items outside the below lot codes:

The lot numbers are printed on the back of each retail bag. The date containing products were shipped to retailers and distributors in limited quantities throughout the United States.

Listeria monocytogenes is a pathogenic organism which can cause serious and sometimes fatal infections in young children, frail or elderly people, and others with weakened immune systems. Although healthy individuals may suffer only short-term symptoms such as high fever, severe headache, stiffness, nausea, abdominal pain and diarrhea, Listeria infection can cause miscarriages and stillbirths among pregnant women.

Consumers who have any remaining product with these lot numbers should not consume it, but rather should discard it. Consumers should retain their store receipts, packaging reflecting lot numbers or any other proof of purchase they may have or return to the store for a refund. Retailers and consumers with questions may call Millie Carra at United Natural Trading, LLC customer service at 732-650-9905, which is open 9:00 am to 5:00 pm (EST) Monday - Friday.
