*Listeria monocytogenes* is an organism which can cause serious and sometimes fatal infections in young children, frail or elderly people, pregnant women and others with weakened immune systems. Healthy individuals may suffer only short-term symptoms such as high fever, severe headaches, stiffness, nausea, abdominal pain and diarrhea. *Listeria* infection can cause miscarriages, stillbirths and fatal infection in pregnant women. People experiencing these problems should seek immediate medical attention.

Consumers who have purchased these items are advised to discard them or return them to the store where originally purchased for a full credit. Consumers with questions may contact Scott Ruth at 616-698-7700.
